Military Personnel Guidance

Military end strength should be based on authorized billets.
Still awaiting guidance from FMB.

For FY2000/2001, cost and work-years should match President's Budget.

For FY2002/2003, cost and work-years should be based on the average fill rate. Average fill rate should be based on the last three years of actuals (FY97-99).

Use Civilian equivalency tables for pricing out military pay. Tables utilize published rates for FY01 and utilize applied inflation factors for FY02/03. FMB will
